environmental sustainability in MSMEs, promoting carbon-neutral activities and resource efficiency. Sustainable Business practices under the Green SMEs framework reduce operational costs and prioritize environmental conservation, shaping a model integrating environmental principles into business strategies. Policy recommendations include incentivizing green practices, training for sustainable methodologies, and supporting green innovation. These steps are crucial for enhancing MSME resilience and sustainability while advancing environmental goals in Bangka Belitung and beyond.

- Capital letters are only used in the first word of the title (not used in every word), unless there are abbreviations or the name of a place/city/country/etc. - The names of all authors are written sideways and separated by commas, first names must be abbreviated, affiliation is symbolized by numbers and corresponding author uses the symbol (*). For example: A I Yanuar1,*; D P Tasurun1 and so on, - Do not need to write keywords in the abstract - Example of complete affiliation writing : Department of Agrotechnology, Faculty of Agriculture, Fisheries and Biology, Universitas Bangka Belitung, Balunijuk, Kepulauan
